DID YOU KNOW?

**EVERY YEAR 900,000
SLIPS, TRIPS, OR FALLS
OCCUR AT WORK**

That's more than 100 per hour

Only the most severe incidents are being reported. This makes it hard to get grip on the cause of an incident. For every STF accident 12 work days are being missed and unplanned absences can have a cascading impact on production.

“

We have witnessed a significant reduction in STF incidents since replacing all boots for our shop floor employees.
