Dunlop has two different fits for the different needs of our customers. The innovative Sneaker Fit locks in your foot and ankle and reduces walking weight, while the Classic Fit allows for easy movement, reducing cuts and tears with its flexibility.

“Why shouldn’t my work boots be as comfortable as my sneakers?”

ELIMINATES HEEL SLIPPAGE

- Fits true to size like a sneaker
- Eliminates heel slippage to help reduce slips, trips and falls
- Flexible upper and midfoot area fitted to lock in the foot in every step
